2 The report is on the whole an unsatisfactory one It shows that the Committee have failed in a signal manner to make the best use of the funds at their disposal, and that the year closed with a very heavy unspent balance This is ascribed in part to the inefficiency of the late District Engineer It is hoped that with the new District Engineer, the Committee will be able to utilize fully the funds at their disposal during the current year

3 I observe that the Committee held only seven meetings during the year The Deputy Commissioner will be instructed to arrange that a meeting is held regularly once a month

Extract from letter No 348L, dated the 16th July 1908, from E H C WALSH, ESQ, ICS, *Commissioner of the Bhagalpur Division, to the Secretary to the Government of Bengal, Public Works Department*

* * * * * * * *

2 THE year closed with a balance of Rs 73 467, against Rs 92 414 of 1906 07 Although this shows a reduction in the heavy balance as compared with the preceding year still it is far too great and must be reduced to a reasonable amount during the current year The causes which tend to prevent a better administration have been stated by the Deputy Commissioner in paragraph 3 of the report

* * * * * * * *

3 As regards the working of the Committee it is satisfactory to note that the per centage of average attendance increased to 53 7 as compared with 37 77 of preceding year The Deputy Commissioner has devoted much attention to the improvement of the present state of the roads and if a higher scale of rates for labour is sanctioned as proposed it is hoped that there will be a marked improvement during the present year

Abstract of the Report by the Chairman, District Road Committee of the Sonthal Parganas on the operations of the District Road Fund of the District for the year 1907 1908

[*Vide* letter dated 5th June 1908 from H W P SCROOPE ESQ ICS Chairman of the District Road Committee of Sonthal Parganas to the Commissioner of the Bhagalpur Division]

1 The Local Self Government Act was not in force in this district The provisions of the Cess Act were extended to some selected portions of the district under Government Notification No 4489R P, dated the 20th August 1901

2 *Working of the Committee* —Certain changes were made in the constitution of the Committee which consists of 9 members of whom 3 are *ex officio* and the rest non official It can scarcely be called a representative District Committee Dumka is difficult of access and residents of the outlying subdivisions find it impossible to attend regularly the meetings of the Committee hence the Committee as at present constituted consists of gentlemen resident in the neighbourhood of Dumka The Committee held 18 meetings during during the year against 21 in the previous year of these 7 were special and the rest ordinary The average attendance of members was 3 53 against 3 4 in the previous year and the percentage of average attendance was 53 7 against 37 77

RECEIPTS

3 The year opened with a cash balance of Rs 92 414 The income of the Committee from all sources amounted to Rs 1 02 190 and the expenditure Rs 1 21 137, leaving a closing balance of Rs 73 467 The heavy closing balance is mainly due to the following causes —

(a) The lack of suitable contractors to work in the district The local contractors who took up petty road repair works have failed to finish them according to the sanctioned estimates in terms of their agreements Instances of bad and scamped work were regrettably frequent and fines and deductions had to be made on this account

(b) Bad subordinates During the year the quality of supervision exercised by subordinates over the roads in their charge has been generally bad

(c) Insufficiency of the rates provided in the sanctioned estimates This would account in a great measure for the difficulty in obtaining suitable contractors The demand for labour is on the increase throughout the district and a general rise has taken place in the wages of coolies and a revised scale of rates has therefore been prepared and submitted for sanction

4 The receipts of the year consisted mainly of the Government grant-in aid The following table compares the receipts under the several heads of the year with those of the previous year —

5 *VI —Provincial Rates*—The actual receipts from cess on lands were Rs 4 185 10 3 during the year instead of Rs 27,000 shown in the budget estimate and this large difference is due to the Estates borne on the rolls of other districts not being valued and assessed to cesses during the year 1907 08 The cess was levied at the maximum rate allowed by the law

6 *XXV —Miscellaneous*—Rupees 17 shewn against ' Fees fines and forfeitures represents the amount of fine realized from the contractors for non completion of works within the contract time The decrease under Miscellaneous is due to the sale of tender forms not fetching more than Rs 27 8 against R 59 8 in the previous year

7 *XXX —Irrigation Minor Works and Navigation*—Rupees 50 against Local canal receipts represents the amount realized from the villagers on account of sale of water for irrigation purposes

8 *XXXII —Civil works*—The actual receipts from the staging bungalows were Rs 548 11 during the year instead of Rs 59? shewn in the budget estimate The income fell off considerably but receipts from this source appear to be purely dependent upon chance Out of Rs 1 388 shewn under Contribution from private persons Rs 342 represents the donations made by the Lachmipur Estates towards the construction of two pucca culverts on Godda Dhuria road and Rs 300 made by Mahammad Ismail Chowdhury for repairs to Kotalpukur Hiranpur road and the balance Rs 746 is on account of subscription from influential and substantial local men for construction of primary school buildings in this district The receipts under Miscellaneous more than doubled the amount shown in the budget estimate owing to much larger collections under (1) sale proceeds of unserviceable tools and plant (2) sale proceeds of fruits, (3) rent of road side land and (4) sale proceeds of old furniture of Dumka dak bungalow

9 The decrease under Grant from Government is due to there being no receipts under Agricultural improvements and Miscellaneous Public Improvements ' in Government Estates and also to the withdrawal of the special grant of Rs 6 000

11 The total expenditure under Land Revenue was Rs 23 307 against Rs 24 461 in the year before The increase is due to the sanction of fresh works which were found necessary out of the last year s (1906 07) unspent balance

12 *Agricultural Improvement* —The expenditure under this head fell off to a large extent and fell far short of the allotment of Rs 2 180 made for the purpose This is mainly due to the want of proper supervision over these works

13 *Sanitary Improvements* —Rupees 1 536 was expended in improving repairing and constructing tanks, wells, and *bandhs* in the Damin

14 *Provincial Rates* —The figure viz Rs 507 represents the amount actually spent and the increase is due to the establishment being provided for on an increased scale

15 *Administration, Establishment and contingencies of Committee s office* —The decrease under this head is mainly due to the permanent accountant having been transferred to the settlement department and the consequent omission of his personal allowance at the rate of Rs 20 a month Rupees 37 8 represents the amount actually spent on account of audit fee

16 *Superannuation allowance and pension* —The decrease under this head is due to the death of pensioner, Babu Ram Lutha Sen late Road Office clerk on the 11th August 1907

17 *Civil Buildings* —Rupees 2,184 5 4 was spent towards the construction of the five primary school buildings at Bamangama Mandir Loriya Geria and Jamnagar in this district The cost was met out of the special grant of Rs 4 000 placed at the disposal of the the District Road Commitee by the Education Department for constructing certain primary school buildings in this district

18 *Civil Buildings—Repairs* —Rupees 12 12 shown against repairs ' represents the amount of the municipal tax paid for the Road office buildings The annual repairs were not done as the building will be shortly re roofed with Raniganj tiles

19 *Communication—New works* —The important works carried out during the year both under the Road Fund and Land Revenue are given below with the amounts spent upon each —

20 *Communication—Repairs* —The expenditure fell from Rs 2? 914 in the year 1906 1907 to Rs 19 132 during the year The decrease is mainly due to the advances drawn for repairs of certain roads in the district not having been adjusted before the year closed and also to the lapse of the allotments for certain roads under the District Engineer and the Subdivisional Officer Jamtara

21 There was no change in the classification of the scheduled district and village roads under charge of the District Road Committee During the year 43 scheduled roads with a total mileage of 840 miles were maintained at a total cost of Rs 18 633 against Rs 23 036 in the previous year Of the total length 1?½ miles were metalled and the rest unmetalled, and of the total cost Rs 39? was spent on the former and Rs 18 2?8 on the latter class The cost per mile of metalled road was thus Rs 25 4 and of unmetalled road Rs 22 1 Several important roads were improved during the year by the construction of pucka bridges and culverts and gravelling some of the kutcha portions

22 The total number of scheduled village roads was the same as in the previous year Four roads with a total mileage of 3 miles were maintained at a cost of Rs ?5 the cost per mile being 7 7 No substantial improvement was effected in the condition of the village roads The expenditure on repairs is classified in the following table —

23 *Railway feeder roads* —The construction of new feeder roads viz Bhagaya Shahabad and Tinpahar-Borio roads was taken up and Rs 3 806 and 3707 respectively were spent during the year Rupees 7 7?0 was provided in the sanctioned Budget Estimate for improving the Sahebganj Bhanjhi road but it was found impossible to induce a contractor or to take up the work and consequently the whole sum lapsed This appears to have been due to insufficiency of the rates provided in the estimate They have now been revised and the work will be taken in hand this year

24 *Famine relief* —No famine relief operations were carried out during the year

25 The receipts and expenditure of the three dâk bungalows under the Committee are compared with those of the previous year in the following table —

Name of Dak Bungalow	Receipts		Expenditure	
	1906 07	1907 08	1906 07	1907 08
	Rs	Rs	Rs	Rs
Dumka	150	165	105	68
Rajmahal	315	137	2 3	177
Sahebganj	138	73	358	272

26 *Establishment* —The expenditure was in excess of that of the previous year The increase is attributable to the entertainment of a temporary establishment including a supervisor at a cost of Rs 2 0 against Rs 2 488 in the previous year and also to payment of grain compensation allowance of Rs 600 to those employes of the District Road Committee who were entitled to it under the rules

27 The following table shows the amount spent on establishment and the percentage of its cost on expenditure on Civil works —

Year	Outlay on works and repairs	Outlay on establishment employed on works	Percentage
	Rs	Rs	
1906 07	63 4 1	1 9 1	31 41
1907 08	75 0 1(a)	21 486	28 2

(a) L l Re o	9 307	0	
C B ld	1 7	1	4
C m u at	43 1	1	1
	7 0	13	11

The percentage is high owing (a) to the accumulation of funds from the lapses of allotments made for works and repairs (b) to the debit to establishment of the charges on account of such petty establishment as malis chaukidar &c which are properly chargeable to work The total cost on establishment is Rs 23 6 9 against the receipt of Rs 86 091

28 *Medical* —There are no medical institutions under the Committee and there was thus no expenditure under this head A sum of Rs 9 1 was spent towards the construction of a dispensary building and Civil Hospital Assistant s quarters at Borio out of the Estate Improvement Funds

29 *Village sanitation* —The scheme promulgated by Government in Circular No 10 T M dated the 30th May 1903 for the improvement of sanitation of villages and rural towns was not tried in this district during the year

30 *Tools and Plant* —The expenditure under this head was Rs 1 278 against the Budget provision of Rs 600 The excess of Rs 678 is due to the purchase of certain important tools urgently wanted for the Damin projects and bridge works with the approval of the Superintending Engineer

31 *Travelling allowance of Veterinary Assistant*—Rupees 150 was paid on account of travelling allowance of the Veterinary Assistant

32 *Arboriculture* —There has been no change in the system of arboriculture in this district since last year s report Special attention has been paid to filling in gaps of existing avenues and providing plants with gabions for which Rs 365 was spent New nurseries have been established in the compounds of several road Inspection Bungalows and *gumlas* have been provided at most of the nurseries for planting seeds during the coming rains It is reported that 1 310 new plants were planted during the year, against 1,010 in the preceding year The matter has received more attention and it is expected that better progress will be made every year

33 *Water supply* —There was no outlay incurred on water supply from the District Road Fund except on sinking a pucca well in the compound of the newly constructed Inspection Bungalow at Fatehpur on Dumka Jamtara road A sum of Rs 1 536 was, however spent out of the Estate Improvement Fund in sinking wells, excavating and improving tanks and *bandhs* in the Damin It is reported that the water supply is sufficient throughout the district and that the existing sources were enough for ordinary purposes

A s'atement showing the thana totals of Form I prescribed in Government Circular No 8T—M, dated the 15th May 1896 for several subdivisions is appended below—
